

Diagram illustrating a generalization relationship between two classes:

- The top class is `oomph::GeneralisedElement`, enclosed in a dashed rectangular box.
- The bottom class is `oomph::HeightControlElement`, enclosed in a solid rectangular box.
- An upward-pointing arrow connects the bottom class to the top class, indicating that `HeightControlElement` is a specialization or subclass of `GeneralisedElement`.

```
graph BT; HCE[oomph::HeightControlElement] --> GE[oomph::GeneralisedElement];
